

FOR IMMEDIATE RELEASE

Paris Jones - Sky of Love (video)

Four days, six different locations and one very talented Paris Jones are all it took to produce the rapper's latest video entitled, "Sky of Love"-- his second single from the mixtape "From Paris With Love." Also starring one of Jones' old friends Morgan Amore, "Sky of Love" was shot in various areas in SoCal (which also happens to be the home of Paris Jones himself.) Directed by John Bollozos and John Henry Baliton.

It's early 2011, and there's no better way to start off the year than by releasing an awesome new music video. After all, beginning the year on a high note paves the way for more excitement in the upcoming months. And speaking of things to look forward to, watch out for Paris Jones' newest mixtape which is scheduled to be released in February.
